WARNING This Glow Travel Sleep Easy is compliant with all relevant standards regarding electromagnetic fields and is, when handled as described in the User's Guide, safe to use. Therefore, always read the instructions in this User's Guide carefully before using the device.

Adult assembly is required. Keep small parts away from children when assembling. • This product is not a toy. Do not allow children to play with it. • This Glow Travel Sleep Easy is not a substitute for responsible adult supervision. • Keep this User's Guide for future reference. • Keep the cords out of reach of children. • Do not cover the Glow Travel Sleep Easy with a towel or blanket. • Test this Glow Travel Sleep Easy and all its functions so that you are familiar with it prior to actual use. • Do not use the Glow Travel Sleep Easy in damp areas or close to water. • Do not install the Glow Travel Sleep Easy in extreme cold or heat, direct sunlight, or close to a heat source. • Only use the power cord provided. Do not use other power cords as this may damage the device. • Do not touch the plug contacts with sharp or metal objects. • Connect the power adapters to easily accessible electrical sockets.

Product Description and Function

The Glow Travel Sleep Easy is a portable Sleep Device that combines Red LED Light Therapy, Pink Noise and a waterless Scent Nebuliser, enabling you to take your sleep routine with you anywhere you go. The unit is fully portable, rechargeable, and fits inside a cup holder so when you're on the move your baby can still sleep soundly.

Getting started

1. Unwrap all components. Remove USB cable.
2. Fully charge the Glow Travel Sleep Easy before the first use. Connect the USB cable to the port on the back of the unit. Then plug the power cord into a USB charger port with the power turned off, and lastly turn on the power to start the charging (USB charger port not included).
 - a. The power indicator lights up red when charging and turns green to indicate that the product is fully charged.
 - b. The battery level is also displayed when not charging, with a red light when the battery level is below 20%, orange when the battery level is between 20% and 80%, and green when the battery level is between 80% and 100%.
3. Add a Scent Nebulizer pad to the inner compartment and add the recommended drops of essential oil for your child's age.
 - a. Seek medical advice before using any aromatherapy. If using Glow Dreaming oils, add essential oil according to your child's age group, as outlined in the manual. Please do not exceed the recommended dosage.
 - b. The Glow Travel Sleep Easy is not a humidifier and so you

Getting started

4. Twist the lid back into place. Always fit the lid before you turn the unit on.
5. Press the Power button on the back of the Glow Travel Sleep Easy to turn it on. The Power Indicator light will turn on to show you are ready to get started.
6. Tap the LED Light button to turn the Red LED Light on to the dimmest setting. Tap again to increase the brightness to the medium or brightest setting: there are 3 brightness settings. To turn the Red Light off, simply tap the LED Light button 4 times – allow 2-3 seconds between each tap.
7. Tap the Volume button to turn on the Pink Noise to the lowest setting. Tap again to increase the volume to the medium or loudest setting. To turn the Pink Noise off, simply tap the Volume button 4 times – allow 2-3 seconds between each tap.
8. Tap the Timer button to turn on the Scent Nebuliser to the 2-hour timer. Tap the button again to extend the timer to 4 hours and tap a third time to let the Scent Nebuliser run for 12 hours.
 - a. When using the 2- or 4-hour timer, the entire unit will turn off after the timer is finished.
 - b. When using the 12hr setting, only the Scent Nebuliser will turn off: the light and/or noise will remain on until you turn them off yourself.
 - c. Regardless of if the unit is fully charged it will switch off after 12 hours, even if plugged in on the cable. This is a safety measure to protect the battery.
9. To turn on the Button Lock, press the Power button on the back of the unit once – the Lock light on the front of the unit will turn on. When the Button Lock is on, you will not be able to use the touchpads to change the settings – this prevents the Glow Travel Sleep Easy settings from changing if the unit is jostled

prevents the Glow Travel Sleep Easy settings from changing if the unit is jostled while in use. Press the Power button on the back of the unit once more to turn off the Lock and enable the touchpads.

Important Notes:

1. If you do not enable the Scent Nebuliser or Timer function, the Pink Noise and/or Red LED Light will run continuously until the unit hits 12 hours of continuous run time, is manually turned off or the unit runs out of power.
2. The Pink Noise speaker is in the base of the unit, so for the best sound output the Glow Travel Sleep Easy should be positioned on a flat, hard surface. Soft furnishings like fabric and carpet will dull the sound.
3. The Scent Nebuliser is not a humidifier or vapouriser: do not use any water inside the Glow Travel Sleep Easy.
4. The Scent Nebuliser pads can be used for up to approx 3 mnths, depending on how often the scent pad is used.
5. Use only recommended 100% natural essential oils in this product. Oils that contain additional chemicals, spices or other impurities will cause the unit to malfunction. Before changing to a different essential oil, always clean the unit as recommended in the maintenance instructions.
6. If the Lock light is on, then the Button Lock has been activated: press the Power button on the back of the unit to disable the Lock and enable the touchpads.
7. Disconnect the charger once it is fully charged to start using the Glow Travel Sleep Easy, if running low on charge the the Glow Travel Sleep Easy can be used when plugged in if needed.

Precaution and Safety Warnings

- The Glow Travel Sleep Easy has been designed to be safe for your family and can be used from birth and during pregnancy.

Protect your Glow Travel Sleep Easy in the following ways:

- Do not attempt to disassemble the product or carry out your own repairs.

If the product is damaged or not functioning correctly, please Contact Us.

- Do not cut, twist or stretch the power cord. Do not place heavy objects on the power cord. Keep the cord away from high temperatures and never attempt to repair a cord that isn't working.

- If the adapter cord or any socket appears damaged or loose, do not use the product and please Contact Us.

- If you notice an unusual smell or noise, please stop using the product.

Clean the product thoroughly as per the Maintenance instructions and Contact Us if the issue persists.

- The Glow Travel Sleep Easy does not use any water. Do not attempt to put water or any liquid into the Scent Nebuliser Oil Pad cavity. Never place the adapter in water or allow water to enter the Scent Nebuliser, the power outlet or air return.

- Empty out and wipe the Scent Nebuliser Oil Pad cavity and lid after each use and always use a new Oil Pad for each use.

- Essential oils may cause staining on the unit, this is not considered unsafe or damage.

Best practice

To ensure your Glow Travel Sleep Easy functions safely:

- Ensure the Glow Travel Sleep Easy is fully charged between uses.
- Use only one Scent Nebuliser Pad at a time. Look to replace the pad every 3mths or every time you use a different oil to ensure they don't mix.
- Clean regularly to prevent malfunction (see Maintenance).
- Always unplug from the power supply before maintenance.
- Essential oils can stain and so spills should be wiped up promptly.
- Do not use it in direct sunlight, near a heat source or in the draft of a cooling system.
- Always keep on a hard, stable, flat surface: do not use on soft surfaces such as carpet, fabric or rattan.
- Do not place on top of electric appliances such as TVs or audio equipment.
- Do not use it for more than 12 hours at any one time: always turn off your Glow Travel Sleep Easy between uses.
- Allow at least 60 minutes between uses to avoid damaging the unit.
- Do not touch the unit with wet hands.
- Keep out of reach of children and pets. Do not allow children to operate or play with the unit.
- Ensure the power cord doesn't cause any obstruction or trip hazard.

Maintenance

To get the best from your Glow Travel Sleep Easy, we recommend you wipe out the Scent Nebuliser Oil Pad cavity with a clean, dry microfiber cloth after each use of the Scent Nebuliser. Each pad is good for up to 3mths and can be replaced when dirty. Please do not use inferior pads as it may release more oil than desired.

We recommend cleaning the Glow Travel Sleep Easy thoroughly before and after each use, to ensure dust doesn't build up in between uses:

- Turn off the power at the back of the Glow Travel Sleep Easy.
- Twist off the lid and wipe out the Scent Nebuliser cavity and the inside of the lid with a soft, dry microfiber cloth. If any residue from the Scent Nebuliser Oil Pad remains after use, dispose of this.
- Wipe down the outside of the entire Glow Travel Sleep Easy with a soft, dry microfiber cloth to remove any residue or dust. Dampen a cloth with plain water or white vinegar to remove sticky or stubborn grime.
- Check the speaker on the underside of the unit to ensure there is no dust building up: gently blow on the speaker to dislodge dust.

Do not use acid-based detergents, solvents, or abrasives: these will damage the unit and may cause it to emit harmful gases.

Troubleshooting

Symptom	Possible cause	Solution
Glow Travel Sleep Easy will not turn on	1. Battery has run out of charge. 2. Dust in the power outlet.	- Remove power cord completely. - Blow gently on power outlet and wall socket to dislodge dust. - Reconnect the power and try again to recharge the battery.
Pink Noise is too quiet	Glow Travel Sleep Easy is sitting on a soft or unstable surface	Place Glow Travel Sleep Easy on a hard, flat surface such as wood or metal. Soft fabrics, rattan and carpet will all dull the volume.
Buttons not responding	Button Lock is activated.	- The Lock Light should be activated on the unit. - Push the Power button on the back of the Glow Travel Sleep Easy to turn the Lock off.

Warranty

This product has been produced with the greatest care for normal, household use. Following directions carefully will ensure dependable operation. If you experience unsatisfactory operation or are dissatisfied with your Glow Travel Sleep easy (Barcode 9360046000138) please contact our Customer Care team via customercare@glowdreaming.com Modification to the product by the consumer or failure to follow the manufacturer's operating instructions will void the warranty. If repair is required under the warranty period, the product should be returned with proof of purchase. The purchaser assumes responsibility for the proper care and use of the product in accordance with the printed Operating Manual. The purchaser or user must make his or her judgment as to when to use the product and the length of use. Keep the Operating Manual available as it is your guide to safe, efficient operation. Our goods come with guarantees that cannot be excluded under the Australian Consumer Law 2011. You are entitled to a replacement of the faulty unit or refund for a major failure. For warranty claims please Contact Us. If you experience an issue outside the warranty period, you are invited to Contact Us and we will support you to the best of our ability.

Warranty

- This product is guaranteed for 12 months after the date of purchase. Please retain your original receipt as proof of purchase.
- If you receive this Glow Travel Sleep Easy as a gift, please Contact Us to register for your warranty as soon as possible.
- We will be unable to support any warranty claims if we are unable to confirm the purchase information and eligibility.
- The warranty is available to the first user of the product only and is non-transferrable.
- Any fault or damage that occurs during normal usage as described in this manual is covered by this warranty.
- All warranty claims are subject to proper use and care in accordance with the product manual. This includes a proper cleaning regimen to maintain the device.
- The warranty will not apply in the event of neglect, intentional or accidental damage, or normal wear and tear.
- If there is evidence of tampering, willful or accidental damage, misuse, or incorrect product use, your warranty will be voided.
- If you experience a warranty issue within the warranty period, please Contact Us for support.
- If we are unable to resolve the issue for you, we will replace eligible items within the warranty period.
- You will be asked to supply a video of the issue you are experiencing so that we can confirm the issue.
- This Warranty is not transferable and does not cover product purchased, serviced, or used outside Australia, New Zealand and the United Kingdom. The warranty does not extend to the elimination of externally generated static, noise, or loss of range or audio/video quality due to external factors, to costs incurred for the installation, removal, or reinstallation of the product, or to damage to digital media devices or memory. The warranty does not apply to any product or part thereof which, in the opinion of the company, has suffered or been damaged through alteration, improper installation, mishandling, misuse, neglect, accident or exposure to moisture.
- This warranty does not apply to damage caused by an AC adapter not provided with the product or by removal or defacement of factory serial number/barcode labels.
